郑春华 著 聂辉 绘 180mm × 210mm · 132 页 / 册 · ¥29.8 元 / 册
ISBN 978-7-5448-6575-3 含电子书版权

本书是著名儿童文学作家郑春华写给孩子们的儿歌集，共分 8 个篇章，收录了 102 首儿歌。

本书的儿歌都是作者在与一双儿女共同生活的过程中创作出来的。当给孩子洗澡时、喂奶时、哄觉时，她会给孩子哼唱书中的儿歌；当孩子半夜醒来哭闹时、生病寂寞时、好奇地探索外面的世界时……她也会为孩子创作、哼唱书中的儿歌。当妈妈哼唱时，孩子总会开心地要妈妈念一遍，再念一遍。

在日复一日哼唱的熏陶下，两个孩子很小就学会了“创作”儿歌，虽然不那么完美，却纯真稚嫩、童趣盎然。而这些儿歌也收录进了本书最后的“纯真篇”。相信这些儿歌，一定也会给更多的孩子和妈妈带来温暖的回忆与幸福的童年。

Gently-The Childhood Song Dedicated to My Dear

By Zheng Chunhua and Nie Hui

This book is a collection of children's songs written by Zheng Chunhua, a famous children's literature writer, which is divided into 8 chapters and contains 102 children's songs.

The children's songs in this book are created by the author in the process of living with a pair of children. When giving a child a bath, feeding a baby, or feeling sleepy, she will sing the children's songs in this book; When her dears wake up crying in the middle of the night, get sick and feel lonely, and explore the outside world curiously ... She will also create and hum children's songs for children. When the mother hums, the child would happily ask her to repeat it again and again.

Under the influence of humming day after day, the two children learned to "create" children's songs at an early age. Although they are not perfect, they are pure, tender and childlike, these children's songs are included in the "Chapter Innocence" at the end of this book. The author believes these children's songs will certainly bring warm memories and happy childhood to more children and mothers. (E- book available)

The little wolf grew up and formed a deep friendship with me. However, when the mother of the shepherd dog died, the little wolf began to alienate the puppy he grew up with and went into the grassland alone. However, living away from the wilderness since childhood makes him neither a real wolf nor a dog. I decided to help the little wolf learn the ability to hunt and survive. Finally, when a cold winter comes, "I" resolutely banished it to the deep wilderness far away from the camp and let it return to nature as a real wolf. Later, "I" heard some news about the wolf one after another, but I didn't know if it was it.

Charlie and Lola Series

By Lauren Child

Lauren Child is today's most popular children's writer in Britain. The stories are about the trivial events and small episodes in the life of the hero Charles and heroine Lola, who in the books are siblings, and make friends with other children. The original ordinary and dull life is demonstrated by the author as full of fun through the children's odd and mischievous responses which are against adults common sense. Faced with the children's naive innocence, their different-from-common-sense responses, the adults can not help but laugh with surprise. It makes them experience their own sweet childhood again. After reading the books, all the responses of the children aged from 4 to 7 are easy to understand.

The Book of Sound

By Romana Romanicyn and Andri Lyswolf

In the world we live in, sound is everywhere. Everyone once wondered where sound came from and where it went. Sound is invisible and intangible, but it is one of the most important ways for us to know the world. This book uses vivid colors and amazing artistic images to freeze the sound on paper, so that we can "see the sound".

This book is also full of philosophical thoughts, which inspires readers to think about the relationship between sound and silence, and re-understand the world we live in through sound: listening is not only listening with ears, but more importantly listening with the heart, understanding and exploring the world.
