Post 2053, the Story from That Planet | Jo Soojin

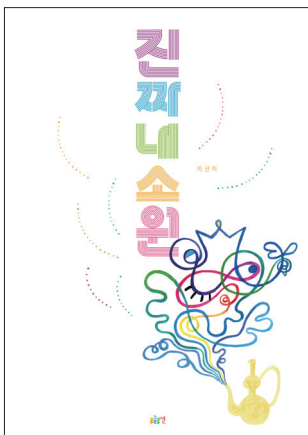

可以同时看到科斯莫维拉内部和外部的卷轴折叠书形式，以及通过夜光呈现的灭绝动物

2053年12月30日下午4点23分，无法坐视地球的毁灭，宇宙和平团将地球毁灭的元凶——人类灭绝了。在第三太阳系KOI-7711行星出生的章鱼博士成为“地球生物恢复与重启地球未来新物种研究”项目的总负责人。这本书采用了卷轴折叠书的形式，当灯光熄灭时，绚丽的科斯莫维拉居民可以通过发光的图片展示他们在地球上所经历的“灭绝史”。

A roll-fold book that allows you to see both the exterior and interior of the Cosmo Villa, with glow-in-the-dark illustrations of extinct animals.

On December 30, 2053, at 4:23 PM, unable to stand by and watch the destruction of Earth, the Space Peace Corps exterminates humans, the main culprits of Earth's ruin. Dr. Squid, born on the KOI-7711 planet in the third solar system, becomes the chief researcher for "Restoration of Earth's life forms and research on new species for the future of the reset Earth." When the lights go out, the glowing inhabitants of Cosmo Villa depict the "history of extinction" they experienced on Earth.

真的是我的愿望

2022年、2023年入选 Bookstart 计划

My True Wish | Lee Sunmi

Selected for Bookstart in 2022 and 2023.

你真正的愿望是什么？

孩子擦亮了葫芦瓶，一个精灵出现，说可以帮他实现三个愿望。孩子的第一个愿望是希望自己可以学习好，但结果得到第一名的却是妈妈。原来这个愿望是属于妈妈的。孩子许了第二个愿望，希望自己赚很多钱，可是这次爸爸却买了一辆新车。原来这也不是孩子真正的愿望。

精灵告诉孩子，只有真正了解你自己，才能说出你真正的愿望。

孩子的第三个愿望会实现吗？

What's your true wish?

When the child rubs the bottle, a genie appears and asks for three wishes. The child's first wish is to do well in school, but that's actually the mother's wish. For the second wish, the child asks to make a lot of money, but it's the father who buys a new car. That is also not the child's true wish. The genie then advises, "To know your true wish, you must understand yourself." Will the child's third wish come true?

春天过后，便是夏天，炎热的夏日让人们的脚步变得沉重和疲惫。

然而，尽管夏日的炙热让意识变得迟钝，反倒可能为我们提供了可以放松下来喘息的机会。作者在我们被酷暑热垮时，转换了视角，带领我们重新审视夏天，让我们知道夏日的炎热是在提醒我们“暂时停下脚步”，而树木之所以长得茂盛是为了给我们提供一个可以休息的阴凉处。

After spring passes, summer naturally follows, and the heat of summer makes people's steps feel heavy and exhausted. However, couldn't the sluggishness brought on by the heat actually provide a sense of relaxation? The author invites us to change our perspective on the summer heat. Instead of viewing it as a burden, we can see it as an opportunity to slow down. The heat, in fact, seems to tell us to "pause for a moment," and the reason the trees have grown thick is to provide a shaded place for us to rest.

当你走路时

2022年、2023年入选 Bookstart 计划

On a Walk | Lee Yunhee

Selected for Bookstart in 2022 and 2023.

铺满道路的路面砖肩并肩、密密麻麻的，它们形状和颜色略有不同，构成了枯燥城市的景象，作者从中找到了故事，向读者讲述这个故事。那条我们只认为是“路”的地方，其实只需要静静观察和倾听它们。于是，作者唤出了藏在路面砖里的鹿，察觉到了狐狸与老鼠之间的关系。这些都是我们日常所能看到的景象，但那条路却是充满故事的另一个世界。

In a city filled with tightly packed paving stones, each slightly different in shape and color, the author discovers stories hidden in what seems like a simple walkway. In what seems like just a simple path to walk on, the author finds meaning through the simple act of observing and listening closely to the paving stones. By observing and listening closely to the mundane scene, the author uncovers a deer concealed among the paving stones and notices the subtle relationship between a fox and a mouse. Though the path is familiar, it transforms into a world rich with stories.

韩国的走绳技艺是一门综合艺术，这是一本从感官上让读者产生共鸣的绘本。被联合国教科文组织列为世界非物质文化遗产的韩国走绳技艺，不像其他国家那样仅仅展示绳上的杂技表演，而是结合了绳上的表演者与地面的小丑之间的诙谐对话以及三弦六角的演奏，是一种综合艺术。将走绳技艺的这一特点很好地融入到绘本中的本书展示了绳上表演者在绳上穿行、腾空而起时那惊险的瞬间，并通过简洁的视觉语言表现了三弦六角的演奏。

A picture book that sensorially captures the art of Korea's tightrope walking, a UNESCO Intangible Cultural Heritage. Unlike in other countries, Korean tightrope walking is a comprehensive art form, combining the tightrope performer's skills with witty banter exchanged with a clown and accompanied by traditional music. *A Round of Tightrope Walking* effectively conveys the tension of the performer's daring movements as if leaping through the air and the rhythm of the music through concise visual language, offering a unique experience of this traditional art.

你说我漂亮？

Did You Say I Am Pretty? | Hwang Inchan/Lee Myungae

这是一个讲述一个女生探索同班同学金京熙无意中喃喃自语的“漂亮”一词含义的故事。女孩从积极地审视自己的外貌开始，逐步追寻“漂亮”一词的含义。在这个过程中，女孩不仅经历了细腻的情感变化，还与对方产生了共鸣，寻找到这个词背后真实的含义。女孩努力在自己身上发现美，也从他人的评价中寻找美，发现美就在自己身边，比如说晚霞。作者李明爱用她温馨感人的画作捕捉到了教室里平凡生活中悄然流露的细腻情感。

This story follows a child who reflects on the meaning of the word "pretty" after hearing it casually from a classmate, Kim Kyung-hee. As the child explores the concept, they begin by examining their own appearance, then seek to understand its deeper meaning by empathizing with others. The narrative weaves through subtle emotional shifts, revealing how beauty can be found both within and around us. The author, Lee Myungae, captures these delicate emotions through warm illustrations of everyday classroom life.

妈妈不会懂
2023年入选 Bookstart 计划

Mom Wouldn't Know | Shim Eunji
Selected for Bookstart in 2023.

因为妈妈感冒了，孩子不能去幼儿园，决定撸起袖子照顾妈妈。孩子担心妈妈会无聊，便在她身边堆了一大堆书；怕妈妈饿了，将自己爱吃的零食拿给妈妈；怕妈妈睡觉时觉得冷，在床上铺满了毛绒玩具。就像妈妈平时照顾生病的自己那样，孩子也尽心尽力地照顾着妈妈。孩子越是说“不要担心我”，家里就变得越乱，但妈妈从孩子的真心中获得了力量。

When the child's mother catches a cold, the child decides to take care of her, eager to help. Worried that she might get bored, the child stacks a pile of books next to her, offers cherished snacks in case she gets hungry, and covers the bed with stuffed animals to keep her warm at night. Just like the mother had done for the child when sick, the child takes care of the mother with care. Though the house turns into chaos, the mother draws strength from the child's heartfelt efforts.

这是一部描绘母女之间看似不同却相似的日常生活以及她们之间快乐纽带关系的绘本。宥珍迫不及待地想展示自己在幼儿园画的画，兴冲冲地跑进家门，却被妈妈唠叨了一顿。宥珍逐渐被妈妈的话压得喘不过气，身体缩小得像一颗小豆子。宥珍把这场唠叨的危机变成了机会，尽情玩耍，享受自由。被唠叨而变小的身体，成为了出口，反而让她躲过唠叨，获得了自由。

This picture book captures the bond between a mother and daughter, highlighting their seemingly different yet similar daily routines. Excited to show off her kindergarten drawing, Yujin runs home only to be met with a barrage of her mother's scolding. Feeling overwhelmed, Yujin begins to shrink until she's as small as a pea. However, she seizes this moment to turn the crisis into an opportunity, freely enjoying playtime and newfound independence as her tiny body escapes the scolding, transforming the experience into a liberating adventure.

胸口有一个大洞的孩子

A Child With a Gaping Hole | Lee Jooahn

这是一部以《丑小鸭》的故事为小主题的绘本，讲述的是三只看似极为普通的鸭子兄妹的故事，他们绝对不可能是丑小鸭。书中为那些“每天都在过着平凡日常”的小鸭子们，而不是那些“华丽变身成为天鹅”的少数人而喝彩。尽管在平凡的日子里，人们有时会在某一时刻成为非凡的存在，但他们又会回到日常生活中，珍惜平凡的生活。这是一个为无数这样的孩子们加油鼓劲的故事。

The story, inspired by The Ugly Duckling, centers on three ordinary ducklings who are far from the typical "ugly duckling" image. Instead of focusing on a rare transformation into a swan, the book celebrates the everyday lives of common ducklings. It encourages children to appreciate the beauty of daily life, acknowledging that while extraordinary moments may occur, the real value lies in treasuring the simplicity of ordinary life. It supports children who quietly live their lives with resilience and grace.

这是一个关于接纳多样性和少数群体的宽广胸怀的故事。这是一本感人至深的绘本，讲述了“另类的孩子”如何通过温暖的童心融入社会。生活在圆圈村的人们，脸和身体都是圆圆的，只有比尼的胸口像甜甜圈一样有个大洞。因为与众不同的外表而感到孤独得比尼，把有一个打洞的胸口藏了起来，并交到了朋友。故事讲述了纯真的善良与友情，温暖地包容了每个人心中想要隐藏的那一个弱点。

This story encourages the acceptance of diversity and minority identities through a heartwarming narrative. It tells the tale of Binnie, who lives in "Round Town" where everyone has round bodies and faces, except Binnie, whose chest is hollow like a donut. Feeling isolated due to this difference, Binnie hides the empty space and makes friends. The story highlights the importance of embracing personal vulnerabilities, and the kindness and friendship that can blossom from accepting one another's differences. It conveys a message of inclusion and understanding.

第七届“想象无限”图书插画展获奖作品！李柔珍作家的《今天微笑》是一本通过讲述住在乡下的奶奶和来访的孙女的夏季假期，回忆如夏夜星星般美好回忆的绘本。身强力壮的奶奶带着孙女一起出去喂山羊，还把西瓜放到水井里冰镇。她们流了汗，就用凉水冲凉，还去抓蜻蜓。这些事在乡下都是常见的场景，但对于生活在城市的人们来说，却是令人羡慕的日常。《今天微笑》通过乡下的奶奶和孙女，唤起了被我们遗忘的珍贵回忆。

The winner of the 7th Sangsangmanbal Book Illustration Contest, *Smile Today* by Lee Yoojin, is a picture book that fondly looks back on the summer vacation memories of a granddaughter visiting her grandmother in the countryside. Together, they feed goats, eat watermelons cooled in a well, and catch fireflies, evoking the warmth of rural life. After breaking a sweat, they cool off by pouring water on their backs and then head out to catch dragonflies. While such scenes may be common in the countryside, they are seen as enviable by those in cities. This book helps readers recall the precious memories we may have lost.

我喜欢在公园散步。春天嫩芽冒出，夏天绿意盎然，清新美丽。走着走着，山、湖、树木花草、鸟和昆虫都在阳光下闪闪发光。这些闪闪发光的孩子们神奇地穿着遮阳的衣服。他们把衣服丢在地上，向我走来。那树荫的衣服有时凉爽，有时温暖，今天也能遇见在阳光下闪烁的树荫。

I enjoy walking in the park. The delicate sprouts in spring and the lush greenery of summer are so fresh and beautiful.

As I walk, I see mountains, lakes, trees, flowers, birds, and insects shimmering in the sunlight.

Interestingly, all these glimmering creatures wear shadowy clothes.

They let their clothes stretch across the ground as they come to meet me.

Sometimes, the shade feels cool, other times warm.

Today, I meet the shimmering shade under the sunlight once again.

This book shows that flowers bloom beautifully because they dream in entirely different forms at night. It employs optical illusions and after-image effects to create its visuals, a technique called Ombro Cinema. The author spent three years researching and crafting this intricate artwork. As a result, the book not only completes an entirely new flower design but also becomes a fantasy-filled picture book where three-dimensional images emerge from a flat surface.

Although summer comes every year, if we look at it with fresh eyes, it shows us a completely different view. This book presents three types of lines that represent summer. Summer is a world made with ten straight lines. Summer is a sea where dancing lines weave hearts together. Summer is an island you cross by following the wavering lines. Let's walk along the lines of summer. Music flows, and stories are heard. These three lines represent oriental melons, melons, and watermelons.
