Beautiful and diverse illustrations

BookLife Readers

The BookLife Readers begin with the very basics of phonetically decodable reading. Starting with the earliest step of CVC words – words comprising a consonant, a vowel and a consonant – and building on this combination slowly, the reader follows a prescribed format taken directly from the recognised Letters and Sounds educational document.

By aligning our books with Letters and Sounds, we offer our readers a consistent approach to learning, whether at home or in the classroom. Books levelled as ‘a’ are an introduction to the band. Readers can advance to ‘b’ where graphemes are consolidated and further graphemes are introduced. The illustrations guide the reader, helping to deliver reading progression through the scheme in a **colourful and exciting** way. As a reader moves through the book band levels, the page numbers, level of repetition and sentence structure complexity all advance at a rate which encourages development without halting enjoyment.

To find out more about this exciting new reading scheme, please email our Rights Department at harriet@booklife.co.uk

INTRO TO PHASE 5

22 'INTRO' TITLES AVAILABLE NOW

BookLife Readers have been specifically created in line with the way that children are taught to read in schools and by working with teachers we know that the leap up to Phase 5 is one of the biggest hurdles developing readers face. This brand-new range of 'Intro' books has been created specifically to help developing readers bridge this gap.

In reaction to all the requests we received directly from teachers and educational professionals, we have developed 22 uniquely created books, each focusing on one of the core sounds which feature at this level. By focusing on one sound instead of bombarding new readers with everything at once you can allow your reader to learn and master the new sound before progressing. We are confident that this levelled approach to learning will build confidence in your new readers and develop their skills at a far greater pace and with a better level of understanding.

BookLife Accessible Readers

An Introduction to Dyslexia-Friendly Readers...

Our 'really readable' Accessible Readers have been specifically created to support the reading development of young readers with learning differences, such as dyslexia.

Our aim is to share our love of books with children, providing the same learning and developmental opportunities to every child.

INCREASED FONT SIZE AND SPACING improves readability and ensures text feels much less crowded.

OFF-WHITE BACKGROUNDS ON MATTE PAPER improves text contrast and avoids dazzling readers.

Japanese Spider Crab

The Japanese spider crab is found in the Pacific Ocean around Japan. It spends most of its time deep under water. The Japanese spider crab is the largest crab we know of.

Japanese spider crabs eat plants and other animals. Japanese spider crabs are also scavengers. This means they sometimes eat animals that have already died.

SIMPLIFIED PAGE LAYOUT reduces distractions and aids concentration.

CAREFULLY CRAFTED along guidelines set out in the British Dyslexia Association's Dyslexia-Friendly Style Guide.

—“—

We love these Accessible Readers! They are bright and colourful with easy-to-read fonts on light yellow paper – perfect for our struggling and dyslexic readers. Thank you.

BookLife GRAPHIC READERS

BOOKLIFE GRAPHIC READERS

BookLife Graphic Readers are designed to encourage reluctant readers to take the next step in their reading adventure. These books are a perfect accompaniment to the BookLife Readers phonics scheme and are designed to be read by children who have a good grasp on reading but are reluctant to pick up a full-prose book. Graphic Readers combine graphic and prose storytelling in a way that aids comprehension and presents a more accessible reading experience for reluctant readers and lovers of comic books.

ABOUT BOOKLIFE *freedom* READERS

The next stop for emerging readers has arrived with BookLife's Freedom Readers! Specifically designed to follow on from our decodable reading schemes, Freedom Readers provide budding readers with scintillating stories and fascinating non-fiction topics to explore and devour.

Drawing on BookLife's extensive history with producing exciting and innovative fiction and non-fiction titles, the Freedom Reader range provides page-turning topics and gripping stories in a comfortable paperback format, ideal for taking those first steps into independent reading.

All the other animals knew Cedric. Cedric liked to think he was very sneaky. He liked to *prove* just how sneaky he was by creeping up very close to other animals, then jumping out at them with a big **ROAR!**

They never saw him coming and it always caused a panic.

Cedric's little trick caused the Great Giraffe Getaway, the Frenzied Flamingo Fiasco, and the mayhem of the Great Monkey Mishap... and that was all just last month!

STRANGE LIVES, RANGER DEATHS

... is full of stories about people ... in strange ways. Many of ... people died in ... ways, too.

It only takes one mortal mistake to meet an awful end. Some people found that out the hard way.

Mortal means deadly.

BOOKLIFE RAPID READERS

Packed full of gripping topics and twisted tales, BookLife Rapid Readers are perfect for older children looking to propel their reading up to top speed. With three levels based on our planet's fastest animals, children will be able to find the perfect point from which to accelerate their reading journey. From the spooky to the silly, these roaring reads will turn every child at every reading level into a prolific page-turner!

CHEETAH

The fastest animals on land, cheetahs will be taking their first strides as they race to top speed.

MARLIN

The fastest animals under water, marlins will be blasting through their journey.

FALCON

The fastest animals in the air, falcons will be flying at top speed as they tear through the skies.
